## Water Bottles

### Think Reusable Bottles, Forget Plastic Bottled Water!

Here are a few benefits of using a reusable school water bottle

- Better for our environment by reducing the amount of fossil fuels and toxins released into the air during production
- Durable, stylish, and can help you decrease your carbon footprint
- Tap water is more cost-efficient. Bottled water can cost up to 500 times the cost of tap water

**You can purchase a reusable water bottle from the main school office for £1.**
